

BOEDEKER PLASTICS, INC.

Reduce Pump Jack Downtime

With Our Unmatched Inventory of Nylon Materials

Oil & Gas Industry | Pump Jack Wear Materials

Boedeker Plastics, Inc. offers an unmatched nylon inventory in sheet, rod and tube available cut to size with same day shipping.

Nylon is the proven bearing material over traditional materials such as bronze in pump jack bearing applications. Nylon is proven to reduce maintenance costs and reduce downtime. Nylon offers longer part life, self lubricating properties, lower material cost, and reduced wear on mating parts.
